

Newberry College

A Full Literary, Scientific and Technical School for Young Men

Offers the young men of the South the best educational advantages, under positive Christian influences, at the minimum expense. Founded in 1842 and holds a second position among the high-grade institutions of the South.

Provides the most literary center in the South, with a full range of liberal arts and modern languages, English, history, mathematics, social and political economy, Greek and Latin. Also a post-graduate course leading to the degree of Master of Arts. Offers a four-year course in electrical and mechanical engineering in separate buildings, with fully equipped shops and laboratories, all necessary apparatus and appliances, under a separate corps of experienced instructors, and the great advantage of being connected with a literary institution.

Certificates from accredited high schools admit without examination. A preparatory school department for high-school under graduates. Session opens September 17, 1914.

For catalogue and particulars, address
Rev. J. Henry Harris, D. D.,
President,
Newberry, S. C.

NERVOUS DYSPEPSIA

Irregularity leads to severe complications. It is usually followed by chronic indigestion, gas, flatulency, and nervousness. The system is impoverished, the life sustaining functions are brought up to normal, and the patient is made to feel well.

The Way That Cures

Purifies the blood, which will then supply the necessary food for the nerves, giving them the vigor to maintain their functions. The blood is purified, and the processes of the system are brought up to normal, and the patient is made to feel well.

Dr. J. C. Person's Remedy
Purifies the Blood.

Dr. J. C. Person's Remedy
Steadies the Nerves.

Dr. J. C. Person's Remedy
Restores the Digestion.

Thousands of your neighbors testify to these results. You will find that the surest way to cure your nervous dyspepsia is to use Dr. J. C. Person's Remedy. It is a powerful, yet gentle, and should always be used for these conditions.

Why we want Small Accounts

Do you realize that a hundred small accounts make a bank stronger than a dozen large ones even if they aggregate the same total of deposits?

That's why we are constantly seeking new customers. We want as wide a circle of friends and customers as possible.

Of course, large accounts are welcome, too, for it is our purpose to serve ALL people.

But we want men and women of limited means to know that the bank is willing to accept their deposits and give them the advantage of our advice and every facility of the institution.

If you are not a bank depositor at all come in and get acquainted with us. We will be glad to talk things over with you.

Citizens National Bank

Anderson Gas Co.

You will be doing yourself a good turn by installing a GAS RANGE. We sell them under the strongest guarantee.

Easy terms—\$2 down and \$2 per month.

STOCKS MARKET DULL AND SLOW

European Exchanges Depress American Shares and N. Y. Does Little in Trades

New York, May 16.—The most direct influence brought to bear upon the stock market today was from abroad. London reported selling there-by Paris, which in turn was attributed to unsatisfactory financial conditions in Russia. American stocks were depressed sharply in London. Speculation here was listless, and at the opening the list followed the line of least resistance by easing off to about the level reached in the English market. At the lower range a better demand arose, and the decline was quickly cancelled. The movement thereafter was narrow and variable, with a majority of slight losses at the end.

Trading in bonds was quiet. The course of prices was irregular. Some strength appeared in Rock Island certificates. Total sales of bonds \$910,000. United States 2s registered advanced 1-2 on call on the week.

NEWS FROM IVA

Iva, May 15.—The Priscillas met at the home of Mrs. S. M. Jones Wednesday afternoon at 4 o'clock and a large crowd was present. After having much pleasant conversation the guests were invited into the dining room where a delicious sweet course and punch was served.

Mrs. J. Watson of Mt. Carmel has returned home after a pleasant visit here with her son, Dr. J. E. Watson.

Miss Marella Ewart who has been teaching the Varennes school is visiting here before returning to her home in Yorkville.

Mr. S. S. McKee, the local photographer is preparing to open a studio in one of the rooms over the Farmers Bank.

Mrs. W. R. Mullinax and little daughter, Elizabeth, have returned to their home after spending a week in Feltz with her folks.

Mrs. L. H. Ligon of Clinton, was here a few days this week with her brother, Mr. J. C. Ligon.

Mr. Corbett B. Willis of Clinton, has been spending the week here with relatives.

Miss Ellie McLees of Anderson, was in town for a short stay with relatives this week.

Dr. A. L. Smethers of Anderson, was here Thursday on professional business.

Mr. J. M. Bedenbaugh and little son, Cornell spent last Thursday in Anderson.

CONGRESS MAY FINISH

May Rush the Anti-Trust Legislation And "Aloha"

Washington, May 15.—Formal steps to start the anti-trust legislation through congress will be taken by the house rules committee when they meet to formulate a special bill which will make up the anti-trust program. The rule's adoption is assured and it seemed probable tonight that general debate of the anti-trust bill would begin next week.

House leaders today were interested in a report that in a case the senate finds it impossible to cut through all the trust legislation the house will pass and get away from Washington about July 15, and effort will be made to effect a compromise, put through part of this legislation and go home.

COTTON PRICES JUMP SHARPLY

Liverpool's Firmness Has Bullish Effect On This Side Of The Water

New York, May 16.—In an advance today which carried new crop positions into new high ground for the season the cotton market displayed pronounced activity in which buying for southern account was a conspicuous feature, attending reports of further excessive rains and bad crop prospects in Texas. The market closed firm at 6 to 19 higher and only a little under top for the day.

A surprisingly firm Liverpool market, attributed to covering and the removal of hedges in response to reports that 12,000 bales of cotton had been destroyed by fire at Galveston started the buying movement on this side.

Textile Night School Men Had an Enjoyable Outing

Went Up To Clemson—Saw Ball Game—Inspected Textile School and Had Supper With the 900 Cadets—Will Do Much Good

(From Sunday's Daily.)

There was a novel excursion out of Anderson yesterday. The textile night school under the auspices of the Y. M. C. A. took a trip to Clemson college to observe the workings of the textile school at that place. The trip was a great success and no doubt will result in good of a permanent nature.

Secretary Fred M. Burnett of the Y. M. C. A. was in charge of the arrangements and he wished to have the men who are studying to improve themselves observe the workings of the textile school. There were 125 in the party and the trip was made in automobiles.

Every member of the party seemed to enjoy the outing although the roads were very dusty, and there had not been enough rain this spring to smooth out some of the winter ruts. Everything was taken in a fine spirit, even when the Brisseau Lumber Company's "biggest truck in the State," loaded with 41 passengers, broke through the bridge over Six and Twenty and there was quite a good natured scramble for terra firma. The truck was driven by that expert chauffeur, Darby, who handled the situation beautifully and got his party back in the city last night by 9 o'clock.

The party, most of them, got to Clemson in time to witness the baseball game, which was a listless exhibition, as Auburn got a four-run lead by the second inning and Clemson seemed unable to overcome it. Webb Anderson played well, as usual, and was responsible for the two runs that Clemson got, the first score being 6 to 2. Clemson had three chances to break up the game with men on bases, but Clark, the seasoned pitcher from Auburn pulled out of the holes. He will go with the New Orleans professional club.

The Anderson visitors were shown over the college and inspected the textile plant, under the direction of Prof. Doggett head of the department. Afterwards they were permitted to enjoy the terms of the cadet regiment for retreat and the lowering of the flag at sunset.

Escorted by President Riggs, Prof. Doggett, Prof. Harper and Prof. Daniels, the visitors enjoyed a hearty supper with the boys. It was a great picture, 900 cadets and their 115 guests all eating in one immense room. So

THOS. WATSON AGAIN INDICTED

For Second Time Within a Year, Editor Faces Charge of Sending Obscene Matter in Mail

Augusta, May 15.—Thomas E. Watson, former representative in congress and once a candidate for president of the United States on the ticket of the Peoples party, was indicted by the United States district court here today, charged with sending obscene matter through the mails.

The indictment was returned in connection with the publication in Mr. Watson's papers at Thomson, Ga. of attacks on the Roman Catholic church. It is charged that the matter in question was "obscene, lewd and lascivious."

Counsel for the defendant appeared before Federal Judge Sheppard immediately after the indictment was returned and asked that an early date be set for the trial, saying that Mr. Watson was ready to go to trial at once.

Today's indictment is the second that has been returned against the editor for publication of the articles. The previous indictment was held to be invalid by Federal Judge Sheppard on the ground that it was improperly drawn.

ARTILLERYMEN BUSY

Six Thousand of them Are Getting Ready to Go To Mexico.

New York, May 15.—Orders recently issued by the war department for 6,000 artillerymen stationed along the Atlantic coast to hold their equipment in readiness for departure for the South have resulted in unusual activity at the army building here and at Governors Island. Arrangements are now so nearly complete that the men could be moved on short notice.

It is the intention of the government it is said here, to add two brigades to the troops intended for possible service in Mexico. Should they be ordered South the coast artillerymen will form provisional regiments of infantry.

Announcement is made that the gymnasium department of the University of Pittsburgh offer special courses in its schedules for the summer term, which opens next month. The University of Pittsburgh and the University of Pennsylvania are almost the only universities in the country which hold compulsory classes out of doors. Football, basketball, soccer, tennis, swimming, jumping, weight throwing, running, hurdling in the open air, and so on.

This from C. J. Tinner: Speaking of outfielders, J. C. Tinner has one on his team. "He is not a finished player by any means but is willing to learn."

Clark is not in favor of umpires alternating behind the bat and on the bases. He says they should stay in one place. "Why," argues Clark, "it's just like switching a shortstop and first baseman. Umpires are rotten enough, and they need to stay in one position all the time in order to get the practice."

Manager Dunn of the Baltimore International has disposed of two of his pitchers. William Northouse was sent to the Baltimore club of the Carolina League and Frank Jernard to the Wilmington, Del. Tri-State League club.

IS WHITEWASH DECLARES MANN

With Reference to the Dorrmus Case For Soliciting Contributions for His Campaign

Washington, May 15.—Political campaign contributions became a subject of debate in the house today when Representative Rucker, of Maryland, chairman of the house committee, presented a report on resolutions declaring that it was not a violation of the pension law for senators or representatives to solicit contributions from citizens. As was declared by Representative Mann, of Illinois.

Representative Dorrmus, of Michigan, chairman, issued a circular September 15 last, assessing each senator and representative \$100 for campaign purposes. The committee's report held that Representative Mann misinterpreted the law. Representative Mann characterized the report as a "whitewash of the democrats." The resolutions went over until tomorrow.

62,000 IN CLOTHES IS LOST FOR BURGLAR

San Francisco, May 15.—The home of Timothy Hopkins in Menlo Park, was looted and about \$2,000 worth of furs, silk dresses and other wearing apparel by a burglar while the family was absent. A few hours later the burglar was captured in San Jose.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat less meat if kidneys feel like lead or bladder bothers you—Meat forms Uric Acid.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally. Also we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver and acid stomach, sleeplessness and all sorts of bladder disorders.

Simply must keep your kidneys active and clean, and the moment you feel an ache or a pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then see fine.

This famous salt is made from the acid of grapes and lemon juice, combined with soda and is harmless to flushed clogged kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending the bladder troubles.

Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia water drink which every body should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in over-cleaning kidneys, trouble while it is only trouble—Evans' Pharmacy, Agents.

Millinery Sale.
